• Purchased by Fair Hill Farm •

INDSOR ANOR

We invite your participation in the Royal Windsor II on March 16, 2012. It doesn't seem possible that it has been seven years since our first sale. It has been very gratifying to follow the progress of cattle sold and we are proud of the success that buyers from the Royal Windsor Sale achieved with the purchases they made that day. From bull mothers to All-American nominations, to good solid producing cows, there was a broad range of cattle offered that day. It has been our goal to offer the same quality cattle in the Royal Windsor II.

It is interesting to see and be involved in the changes which have occurred in breeding cattle in the last seven years. The onset of the use of genomics has certainly affected sire selection at Windsor Manor. We now use some of the higher genomic young sires backed by great cow families, with sire stacks that appeal to us. We also continue to use the best proven bulls. This catalog reflects this philosophy, as you will find daughters of Goldwyn and Shottle, as well as some of the popular young genomic sires.

Because of the Holstein cow, we have met wonderful people from all over the US as well as the world. Many of these people have been wonderful resource people as well as becoming some of our dearest friends that we depend on for counsel and help. We are grateful for their friendship.

Our greatest blessings are our family and friends. We thank our daughter Kelly and her family for being a part of the day to day workforce here on the farm. We appreciate our daughter Kristin's interest from NYC. We are certainly blessed to be part of a truly remarkable farming community. We wish to thank all of those who have helped us through the years, as well as for their help in preparing for this sale.

We hope your purchases will have a positive impact on your own herds in the future. We wish you much success and look forward to following the progress of these cattle in your herds.

*Sincerely,
Jason & Donna Myers*

'THE FRANCHISE'

WINDSOR-MANOR RUDOLPH ZIP EXCELLENT-95 4E GMD DOM

Zip is the "franchise" player at Windsor Manor. Her past accomplishments include gracing the cover of the February, 2008 Holstein World as the #1 Productive Life cow in the world. She was the featured cow in the June, 2007 issue of Holstein International and was recognized in the top 10 Holsteins in the World in 2007. She has had four sons on the Top 100 TPI list concurrently and has had two daughters sell for over \$50,000: Z'Delight at the Regancrest Sale for \$94,000 and Zebee in the Royal Windsor at \$51,000. She also has had granddaughters and great-granddaughters sell in the high five figures. She is the dam of thirteen excellent offspring in the US, sired by ten different bulls.

She continues to influence the Windsor Manor herd through daughters, granddaughters and great-granddaughters. She has proven relevant in genomics, having had family members test as high as +2700 GTPI. She has had offspring successful in the show ring as well. She truly is the complete package.

We are pleased to offer over forty of her descendants in our Royal Windsor II Sale. We hope that your purchases will bring you as much success and recognition as Zip has for us.

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.
- 3) **Breeding Warranty**
The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
 - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
