Welcome to the....

I would like to personally invite everybody to the 2012 International Intrigue. It is an honor to host such a prestigious event. It is certainly an event that we will remember for the rest of our lives. It is our goal for everyone to come and enjoy the sale, see our cattle and new facilities, and be showered with great hospitality and incredible food. I hope everybody can come to Chebanse IL for the weekend of August 3 and 4. I truly think this is an event all Holstein enthusiasts from around the world will really enjoy and won't want to miss!

Without question, this is the finest and deepest lineup of cattle we have ever put together or been associated with in our lives. It is hard to imagine in recent times the Holstein breed ever having a lineup as deep and diverse as this one. We have some of the greatest show cattle in the world selling including the reigning Reserve Grand Champion Cow from World Dairy Expo as well as some possible future Expo Champions. We also have some of the finest genomic cattle that have ever been offered at public auction. We have cattle selling from the greatest pedigrees the Holstein breed has ever known. We think we have put together a lineup of cattle that will satisfy any buyers wants and needs. I know when we were putting the catalog together we still had lots that we had appraised at being worth over \$50,000 that weren't in the catalog yet after the first 45 lots.

Whether you come to the sale and purchase a lot for \$10,000 or \$100,000 these are the kind of animals that are going to bring you the highest level of satisfaction as well as the greatest return on your investment. Ed and I will do everything we can to help ensure your investment is a profitable one. We have been extremely selective and are very confident these are the kind of animals everybody should want and need no matter what category of animal you are looking for.

I would like to personally thank all of the consignors for giving us the very best they had and trusting us to sell them. We have committed an enormous amount of time and resources to promote your consignments to the best of our ability. I would also like to personally thank our sensational sales force that I am very confident will also be working very hard to promote your consignment. We are certainly counting on them to utilize all of their vast array of contacts and expertise to have the best sale we can possibly have. In addition I would also like to thank and acknowledge all of my team at Butlerview for the extraordinary effort they have put forth and the pride they have shown in getting ready for what hopes to be a monumental and historic event.

Let us know if we can accommodate you in any way. Look forward to seeing you on August 4!!!

Sincerely,

Jeff Butler

Saturday, August 4, 2012 • 1:00 P.M. Sharp • Chebanse, Illinois

SCHEDULE OF EVENTS:

Friday, August 3rd 5-10pm ~ Hospitality, Cattle Viewing, and Open House

Saturday, August 4th 10am-1pm ~ Pre-Sale Hospitality and Cattle Viewing

Sells as Lot 1
MS Atlees Goldwyn Ariel-ET
(EX-92 EX-MS)

Ariel - Goldwyn X Atlee = Royalty personified. You can not ask for a better built in marketing advantage than being the great cow that Ariel is, combined with the Royal pedigree, and being the half sister to Aftershock (who continues to set all time records on semen sales) and the full sister to Atwood - who although early looks like he could go down as the dominant bull of the next 5-10 years and potentially be one of the best of all time. This is why all of her embryos sell at \$3500/embryo or more all over the world and will for many years to come. On a world wide basis we field just as much interest via phone calls and emails to buy Ariel embryos as we do Chassity. Ariel is only 5 and a youthful five at that and certainly needs to calve again as she is potentially a 95 pt cow or more. She is one of the rare cows that have a very long demand and time period to sell their offspring - much like her mother Atlee and her great grandam Chief Adeen (12 years after her prime show days she still has daughters selling for \$150,000!!!!). Combine all of that and Ariel is one of the greatest cows with the most long term marketing potential to ever sell at public auction.

 HM Grand Champion Vancouver Island '06
 2nd 5-Yr-Old Vancouver Island 2006

Camomile is undoubtedly one of the greatest cows to ever sell at public auction. We believe she is the first reigning Grand or Reserve Grand Champion cow to sell at public auction since the great Brookview Tony Charity over 25 years ago. She is the reigning Reserve Grand Champion Cow at World Dairy Expo. To accomplish this remarkable feat as a Jr 3 Yr Old is a testament to her greatness. Her first 2 years in lactation she has been the All American and All Canadian Jr 2 Yr Old and Jr 3 Yr Old!!! WOW!! It doesn't get any better than that. One can only wonder what her future holds but being a future Grand Champion cow at North America's largest shows is certainly a distinct possibility. Camomile is also proving to be a great brood cow as she has the highest typed Bolton daughter in the world at 4.14. Imagine how many years you are going to be able to sell offspring out of her for \$20-50,000!! Although she has already accomplished so much, it is our firm belief that her best days are still ahead of her and that she is just getting warmed up on her historic path to greatness. It took several months to get Camomile consigned to the Intrigue and we want to give Ridley, Gord, and the Cuthbert's special thanks in trusting us to sell Camomile for them.

Cookview Goldwyn Monique definitely has the "wow" factor according to some of the worlds most respected and unbiased judges. Judge Mike Deaver stated she was "nearly flawless and just runs away with this show" in naming Monique Grand Champion at Quebec Spring Show. An internationally respected judge and recent World Dairy Expo and Royal Winter Fair judge has recently described her as the best 3 yr old he has ever seen. On the same day, another extremely well respected and multiple World Dairy Expo judge said Monique is one of the 5 best cows he has ever seen regardless of age. She is definitely worth your trip to see her live and watch her sell. She is just extreme in every way from her style, udder, size, width, angularity, balance, openness, length, hard top, mobility, great feet and legs, and incredible head and neck. With natural progression and good fortune it is our opinion that Monique could be a future Grand Champion at World Dairy Expo and the Royal Winter Fair.

Rockmountain Gold Winter
 (CAN VG-89-3Y)

Last year when I saw Winter I liked her. This year when I went to see Winter at Simon's I literally was blown away by her and fell in love with her. She has developed and improved so much in the last year. Out on the halter she is just breathtaking with her incredible udder, beautiful clean leg, extreme openness, style, angularity, size, beautiful head and neck, and length of body. She is a very unique 4 yr old that has had 3 calves yet still has a very youthful look to her and her udder looks like one that will last for many more calves. She is also RC so you have the advantage and flexibility of getting a RC female or male offspring from her. This will give you a bigger marketing advantage to make money with her. I love this cow and it is my personal opinion that she has a great chance to be 1st place 4 year old and best udder at any show you would want to take her to which could lead her to be the All American and All Canadian 4 yr old cow for this year. Special thanks to Simon and Kim, Mark, and Gary for trusting us to sell this truly great cow for them.

 • Dam of 15 Excellent & 18 Very Good Offspring

You will absolutely love this cow! This is Brasilia's Goldwyn Sr 2 that was just fresh 3 weeks when the photo was taken. She is a great, great young cow with as good a pedigree as you could ever find. There are some really good Sr 2 yr olds and Jeff Butler & Simon LaLonde think she may be the best Sr 2 they have seen this year. She has the brightest future, no faults and will continue to develop and get better every year. Should be right at or near the top of the class come fall and be really good for many years to come. Big time cow with big time marketing potential. Should be able to sell several hundred thousand dollars of offspring from her over the next few years. These opportunities (great show cow with world renowned pedigree) are really hard to find.

Brasilia is at the heart of one of the Holstein breeds greatest success stories. Unquestionably, the Barbies continue to make history as one of the greatest families the breed has ever known. They are still the unequivocal premier type family in the world. Brasilia continues to produce great offspring like the terrific Goldwyn Barbara cow that is going to sell for a high \$ and deservedly so. Stanhope-Wedgwood just classified 2 of her 2 year old daughters at 87 and 88 points, respectively. Brasilia also continues to have a high embryo demand. We just sold a recent flush of # 1 embryos from her for \$22,500. At a maximum and youthful 92 points Brasilia is primed to be a 94 or 95 point scored cow and continues to reproduce embryos like a young cow. There is undoubtedly alot of future left in her and she is just beginning to leave her own legacy on the breed. Don't miss this chance on a sensational proven cow and make your own mark in Holstein breed history for several years by making the next great Barbie!!

This Red Epic when bred to any Black sire will make 50% Red and White progeny. This rare gene known as the **variant red gene** allows all Black sire genetics to be converted to red. It is transmittable to each generation. Red enthusiast breeders can now incorporate black sires with the purchase of this Red Epic. This is an extremely rare investment opportunity. The same is true for her subsequent offspring if they are Red.

Important Information

The terms of the sale are **cash or check at the conclusion of the sale**. Each potential buyer who intends to purchase individuals on “**Terms**” **must have prior approval** by the Owner or the Sale Management. Absentee buyers purchasing through sale management or agents over the phone need to send payment the next business day following the auction. *There can be no exceptions.*

PAYMENT OF CONSIGNORS:

Payment to consignors will be as soon as possible after buyers check has cleared through Butler Fellers Auctions.

SPECIAL TERMS:

Prior Approval IS REQUIRED by seller or sale management prior to the sale. Individual consignments listed as selling on Special Terms will follow the payment schedule indicated on the pedigree or will be available at the sale on the update sheet or announced from the sale box.

STANDARD E T CHOICE OF FLUSH TERMS:

Prior Approval Is NOT REQUIRED but the buyer is responsible for final payment at selection/possession.

Standard E T Choice Terms:

25% due at conclusion of sale
75% due at selection and possession, no interest
Possession date will be when the youngest calf in the group offered is 3 - 4 months of age or is otherwise listed on the pedigree or announced at the sale

Special E T Choice Terms

(with prior approval by Seller or Sale Manager)

Most Special E T Terms will follow the payment schedule below; however, individual special terms may differ and will be indicated on the pedigree or announced at sale.

25% due a conclusion of sale
37.5% due at selection and possession, no interest
37.5% due **12 months** after possession, 5% interest
possession date will be when the youngest calf in the group offered is 3-4 months of age or is otherwise listed on the pedigree or announced at the sale

Additional E T Choice Information:

Seller is entitled to \$4.00 per day board fee after the youngest calf is 4 months of age. If Buyer fails to make selection and take possession of a sound healthy female calf within 60 days after the youngest calf is 4 months of age and if the Seller has notified the Buyer by Certified Mail of the impending default of the sale and after giving the Buyer 10 days to respond to this certified letter, the seller can proceed with any legal means necessary against the buyer to secure the balance due or can declare the buyer in default and the Buyer will lose all rights as purchaser and will forfeit his down payment and commission. Seller is to complete all blood typing and transfer the registration certificate in a timely manner.

Should a sound healthy female chosen from the respective flush fail to meet the breeding guarantees as stated in Holstein USA's Terms and Conditions listed in this catalog, the Seller will refund the Buyer the purchase price in full, less the salvage value of the animal. No boarding fee, feed expense or trucking expenses are due from the Buyer. Should an acceptable sound healthy female not result from the respective flush, the following steps will be taken to fulfill the purchase agreement;

1. Seller will offer choice of other flushes or calves that are available from the donor with no interest and the payment schedule will remain the same with respect to age of calf selected
2. If no pregnancies can be made available to the buyer, as in the sale or death of donor, or the donor's inability to produce embryos; the seller shall provide the buyer a good, healthy, acceptable calf from another cow of equal or greater value as determined by the Sale Management.
3. Any disputes regarding choice of flush purchases are strictly between buyer & seller. Sale management is NOT liable to buyer or seller regarding refund of any sale commission.
4. Sale management will negotiate and mediate on behalf of both buyer & seller in any dispute.

CONDITIONS OF SALE

A.I., EMBRYO & FEMALE CONTRACTS:

Because of their elite status within the Holstein Breed, many of the individuals selling will sell with a number of contracts. Every effort will be made by the Sale Management and the Sale Host to have the contracts available at the sale for your full inspection. It should be noted that every contract is conditional and many will have expiration dates along with other criteria that needs to be accomplished. It is the Buyer's responsibility to become aware of the conditional requirements before a purchase is made. Each potential buyer is encouraged to visit with the Owner (not the Sale Management) well in advance of the auction and familiarize themselves with the contracts offered with each consignment.

HEALTH:

An Interstate Health Certificate will be provided with each animal sold. Each consignment has been asked to be tested negative within 30 days of sale date for:

Brucellosis (unless calthood vaccinated and under the required age limit)
Tuberculosis

Optional tests are Blue Tongue, Leukosis, EHD, Johnes, Anaplasmosis and BVD
(animals are not required to be negative for any or all of these optional tests)

It is the Buyer's responsibility to learn the health requirements of his State or Country and to inquire as to the respective test results of his prospective purchases. Individual Consignments are not guaranteed to have been tested or to qualify for entrance into any particular State or Country. Any additional health testing required will be at the Buyer's expense and are not guaranteed.

TRUCKING:

Assistance will be provided to secure trucking for your purchases after settlement has been made with the sale clerk the day of the sale. However, trucking is the sole responsibility of the Buyer.

RISK & MORTALITY INSURANCE:

Each individual consignment is at the sole risk of the seller until sold and at the sole risk of the buyer when struck off by the auctioneer Insurance is available to the seller prior to the sale and is available to each buyer at the sale. Sale Management and the Sale Host encourages everyone to afford themselves of this protection. For all purchases made on terms, insurance is recommended the day of the sale on the unpaid balance with Buyer & Seller listed as loss payee.

STANDARD EMBRYO GUARANTEE:

The following is a guideline for any potential buyer and seller embryo guarantee agreement. No Embryos are guaranteed by sale management, any embryo guarantee is strictly between buyer & seller. The seller may guarantee the individual animal will produce transferable embryos over a designated period of time. The Seller may agree to a percentage of the embryos less than the amounts designated. A natural calf will be a credit of one (1) against the sellers embryo warranty.

RESPONSIBILITY:

The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

Important Information

CONDITIONS OF SALE - Cont.

BIDS:

The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

TRANSFER OF OWNERSHIP:

For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.
- 3) Breeding Warranty
The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
 - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian.
The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return

to the seller. The seller guarantees that the bull will make freeze able semen exceptable to A.I. standards.
b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.
c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING:

Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

ERRORS:

The material in this catalog has been carefully edited. If any error or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT:

The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES:

Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

Please Bring This Catalog to the Sale!

cash in on elite sires

"Team Chassity" and Jetstream Genetics launches its first full-brother duo with top-notch GTPI's and a picture perfect linear profile. Backed with the portfolio of Shottle Chassity EX-92 and Regancrest-PR Barbie EX-92, these world premiere mating sires will create a profitable herd sure to turn heads in the industry.
