THE COLORS OF KULP-DALE

Saturday, May 7, 2016 • 11:00 AM • Manheim, PA

Something for everyone! Black & White & Red & White Holsteins! Brown Swiss! Jerseys & Milking Short Horns! High Type, Show Calves, Embryos, Choices & Polled Genetics!

View/bid online in Real Time at www.cowbuyer.com

Be sure to register early via cowbuyer.com

Sale managers note: No matter what color you have a passion for, The Colors of Kulp-Dale will provide breeders an elite offering from the most highly regarded maternal lines of each breed! A sale so rare, every breeder should attend!

We have a very special group of fancy, show age heifers with a special offering to all junior exhibitors! If a Junior member makes a purchase at the Colors of Kulpdale & shows that purchase at any Junior National Show, regardless of breed, and stands first in their respective class, the Kulp will return 10% of the purchase price to the Junior member. If that purchase should then go on to be either Jr. Champion or Grand Champion of a Jr. National Show, the Kulp will return an additional 15% of the original selling price to the Junior member. Any breed qualifies!

Sale Order of Breeds:

11:00AM: Brown Swiss followed by Jerseys followed by Milking Short Horns & then Holsteins!

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

IF A SALE IS IN YOUR FUTURE, CALL THE CATTLE EXCHANGE!

PRUDENT BIO-SECURITY PRACTICES

The Cattle Exchange takes Bio-Security very seriously and makes the following recommendations to all buyers of livestock. Upon purchasing your livestock, be sure to transport in a clean, well-bedded trailer/truck. New livestock entering your facility should be kept segregated from animals already in the herd for at least ten days, with close inspection several times daily. We recommend that every new milking female that enters the herd be milked last and milk samples cultured before officially mixing with the existing herd. Upon calving, all fresh cows should have milk cultures screened.

Additionally, the Cattle Exchange recommends further tests be performed on all cattle entering buyers' herds for BVD, Salmonella Dublin and Johne's disease. These tests are relatively inexpensive and are nothing more than prudent animal husbandry practices.

While precaution is taken to assure buyers' protection from infectious diseases, buyers assume responsibility for all cattle purchased when the gavel falls and auctioneer pronounces said animal sold. As always, we will convey to prospective buyers any health risk we may be aware of prior to sale, however, buyers must take the prudent measures stated above for adequate protection.

Purchasing livestock can be a rewarding and exhilarating experience for everyone. The Cattle Exchange recommends that no matter where or when you buy livestock, call your herd Veterinarian and take the extra precautions above to insure your utmost security.

TOGETHER WE CAN MAKE A DIFFERENCE!

Notes

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

*" We started feeding the
BIG Milk Replacer in September
and immediately saw an
improved difference in
calf health, increased growth,
and an earlier weaning age.
Our calves start better and
take off quicker while
being fed the
BIG Milk Replacer. "*

- David Kulp

BovineInnovationsGroup
30/32 MILK REPLACER | STARTER | GROWER

Available Exclusively at Hooper Feeds

Hooper Feeds | 3216 Mill Lane, Gordonville, PA | 717-768-3216 | hooperfeeds.com | info@hooperfeeds.com

*We have Holstein cows
on our minds.*

In our hearts.

On our boots.

It is our World.

*Since 1904 we've been
in love with these
beautiful creatures.*

And always will be.
